Ancient Aliens meme

Tsoukalos's appearances in *Ancient Aliens* inspired a meme highlighting his unusual hairstyle overlaid with the caption: "I'm not saying it was aliens ... but ..."^[13] Variations of the meme were uploaded by users as early as November 2010.^{[13][14]} According to Dictionary.com, the meme mimicked "the tone of conviction used by Tsoukalos to present unfounded far-fetched pseudo-logic as fact."^[14]

In a 2015 Reddit AMA, Tsoukalos said he loved the meme, adding "it's a great honor to have been embraced" by Internet users.^{[4][15]} During a 2016 appearance on CNN Philippines, Tsoukalos's *memeification* was discussed at length. ► For over 14 years, Giorgio A. Tsoukalos has been the Director of Erich von Daniken's **Ancient Alien Society** (formerly, A.A.S. R.A. - Archaeology, Astronautics and SETI Research Association). Tsoukalos, David H. ► The A.A.S. R.A. is determined to prove, using scientific research methods, but in "layman's terms," as to whether or not Extraterrestrials have visited Earth in the remote past. The A.A.S. R.A. (or Center for Ancient Astronaut Research) was founded on June 17, 1998, by co-founders Giorgio A. Tsoukalos, Ulrich Dopatka, and Erich von Daniken (*Chariots of the Gods*) as Erich von Daniken's official international research organization.

► Giorgio A. Tsoukalos is also Erich von Daniken's official representative in the United States and the rest of the English-speaking world.

► Tsoukalos' scientific study of the Ancient Astronaut Theory includes the detailed analysis of ancient scriptures, ancient drawings, and mysterious archaeological monuments and artifacts. He has written numerous articles about the topic, which have appeared in publications all around the world. Tsoukalos has conducted

research, collected factual data, and uncovered strong supporting evidence for the Ancient Astronaut Hypothesis.

► As the leading expert and lecturer in the Ancient Astronaut field, Tsoukalos has created the world's only and definitive Ancient Astronaut research journal, ***Legendary Times Magazine***. *Legendary Times Magazine* is jam-packed with exclusive research articles written by many leading researchers (including G. A. Tsoukalos, David H. Childress and others) none of which appear anywhere else.

► Giorgio has conducted and participated in several risky expeditions and adventures to the remote corners of the planet in search of the mysterious. In his undying quest to uncover the Truth he has traveled hundreds of thousands of miles, seeking out strange archaeological artifacts and monuments which will further strengthen his research. Over the years, he has gained first-hand access to, photographed and measured ancient artifacts and other archaeological relics not currently accessible to the general public.

► Tsoukalos has been a popular guest on numerous national and international television specials, radio programs, DVD featurettes, and has given many lectures all over the world about Ancient Astronauts at Conferences, Seminars, Meetings, and retreats, always promoting archaeology, astronautics and SETI research.

► **Tsoukalos has ushered in a New Era for the Ancient Astronaut theory by bringing constant worldwide attention to mysterious artifacts and monuments presented in the pages of *Legendary Times Magazine*.**

► Giorgio is of Greek and Austrian descent with his father from Greece and his mother from Austria. He comes from a long line of Greek-Americans; his grandfather (George) lived in Brooklyn and in the Bronx for over 60 years, and his great-grandfather (Efsthathios) arrived in the States in the late 1870s.

► Giorgio is fluent in five languages: English, German, French, Italian, and Greek. He is also proficient in Spanish. Giorgio grew up in the little town of Laufenburg, near Basel, Switzerland, spending the summers in the Greek Islands, and the winters in Innsbruck, Austria. He was educated at Institut Montana, an international boarding school in the heart of Switzerland near the Alps and has acquired a Bachelor's degree in Communications at Ithaca College, NY.

► Until 2005, Tsoukalos also functioned as a professional bodybuilding promoter; for 6 consecutive years he promoted, produced and directed the *IFBB San Francisco Pro Grand Prix*, an annual cornerstone event in professional bodybuilding. Over the years, the *SF Pro* became the largest pro bodybuilding contest in California with top athletes and press attending from all over the globe. Since 1994, he also worked at professional bodybuilding contests all around the world, including the *Arnold Schwarzenegger Classic* and *Olympia Weekend*. For many years e also served as the official interpreter for all non-English speaking athletes for the *IFBB* (International Federation of Bodybuilders, the world's 3rd largest sports organization) where he functioned as a high-ranking official.

► In late 2005, Tsoukalos opened [Legendary Times Books](#), an online Ancient Astronaut / Ancient Mysteries bookstore after recognizing that many times when you walk into a bookstore with high hopes, you're disappointed and frustrated because you simply can't readily find the controversial books you're looking for. *LT Books* is THE new and INDEPENDENT source for finding the books you crave. ***Legendary Times Books: Controversial. Refreshingly uncensored.***

► He recognizes that to popularize the Ancient Astronaut Theory is all about the cause. And the cause is gaining momentum because A.A.S. R.A. Members and readers of *Legendary Times*, first and foremost, are concerned to advance the Ancient Astronaut theory on an international level. Having marshalled their forces, together, A.A.S. R.A. Members from all around the world carry the battle forward with great pride and enthusiasm.

► Giorgio enjoys a good and relaxed sit-down meal with friends, weight lifting, listening to motion picture scores, classic jazz standards, classical opera, sailing, going to the beach and the movies, and hanging out at the *Legendary Times* Clubhouse in Southern California with A.A.S. R.A. Members visiting from all around the world exchanging adventure stories and research.
